

Indoor Winter Farmers' Market at Pennings 2009-2010 Vendor Application

Dear Potential Vendors,

We are happy to announce that Pennings will be opening and expanding its winter farmers market for the 2009-2010 winter season. We had great success last year and were received with much support from the local community. The 2008-2009 Indoor Farmers' Market at Pennings operated with ten vendors on Saturdays and five on Sundays, we also featured live music and events. With the expansion of the market into our greenhouses and the extension of days of operation to possibly include Fridays; all signs point to an even better year this coming winter. Therefore we are inviting more vendors from surrounding areas to participate. We have available both large (12'X6') and small (8'X6') vendor spaces with or without electricity. Priority will go to our vendors from this past year, however we are asking that all vendors who wish to participate fill out the simple following application. We hope that you take advantage of this great opportunity to continue your farmers' market season year round to serve your customers on a more consistent basis. It is our vision to create the location for our community members to continue to support their local farmers in the winter months. To reserve your spot, please fill out the attached application and send it to us either by mail or fax. If you have any further questions please call us at (845)-986-1059.

Sincerely,

Steve and Jill Pennings

Deadline: November 1, 2009
